Message:

As you meet tomorrow, February 26, 2021, to consider the redistricting for the Austin area, I would like to request that you do not consider placing DeWitt County within those lines. I've been a resident in DeWitt County over 25 years and believe I would be better served to be placed within the area along side Lavaca County, Victoria County and Jackson County. This is largely a rural area and our values and interest are all similar. Being part of a Senate District that covers a large area is not practical and doesn't allow the elected officials to be in touch with their constituents on a regular basis simply because of distance. I would hope that when the boundaries are drawn, all of these practical suggestions will be considered. Thank you for your consideration.
