Message:

Nueces County map shows our County cut in half. I remember when communities of interest were at least a small factor in drawing districts, Why would you split this county. We are not a huge county and should stay together for issues, economic growth, job , access to elected officials.

I urge you to be responsible to the voters, we should choose our elected officials, you should not choose your voters. Perhaps I am unrealistic, but this partisan divide and gerrymandered districts has gone too far.

in all decisions, Congress, Senate, House = consider communities of interest, consider compactness, consider driving 160 miles to your Senators main office. Worry about citizens, not just your next election. (oops, I just showed how naive i still am at 72),
