Message:

Gerrymandering is an outdated, should be illegal system of making districts just so one candidate or political party can keep their position. This needs to stop because you are not representing the people in that or any district. This is only being done to further your own means. Politics right now has a very dirty connotation like the mob or some other nefarious group of people and the reason is all of the gerrymandering, voter fraud, and pork-belly politics. STOP! STOP! STOP! Stop all of this and be honest, represent the people (More of us know what you are doing then you realize), and get this state taken care of properly.
