Affirm public info: I agree

Regarding: Senate

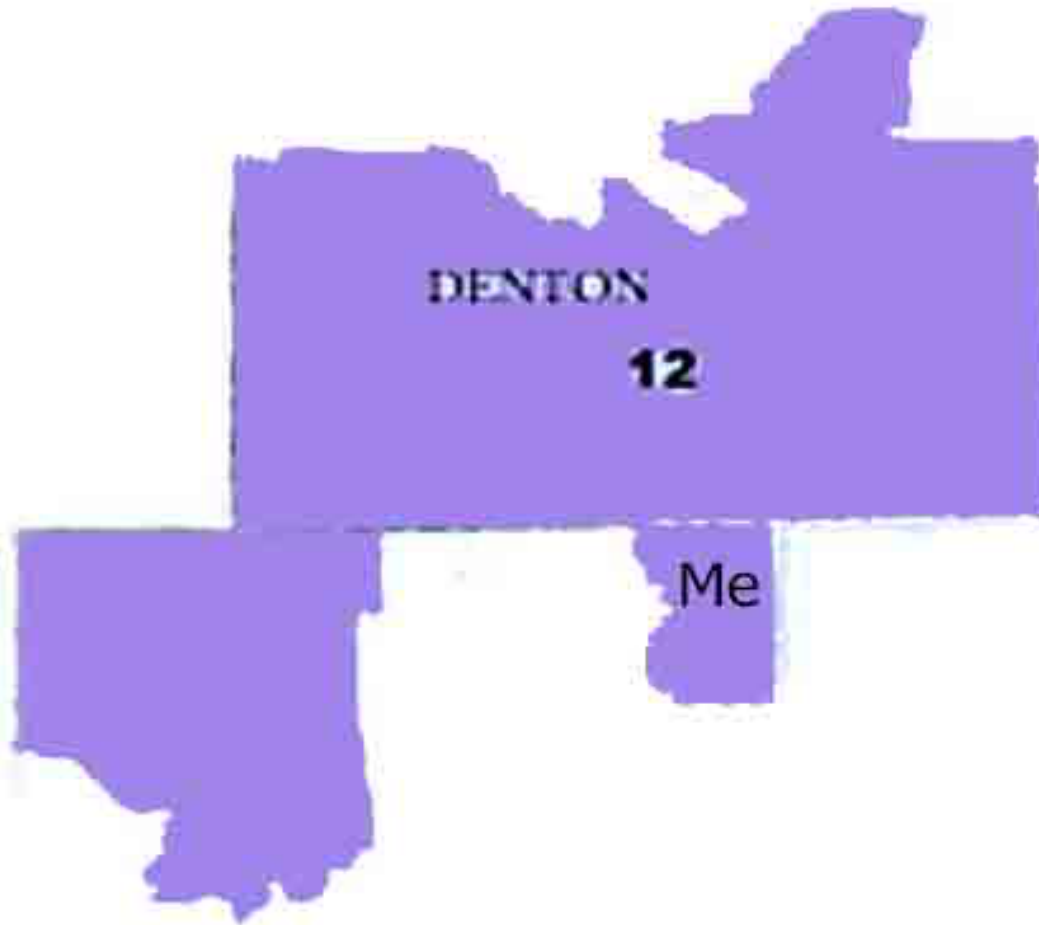

Message:

In the current version of the Senate districting map, my community , the city of University Park in Dallas has been moved away from communities of similar interests. We were moved from district 16 to district 12. In district 12 we are grouped with a very large geographical area, where we will not be able to elect a representative who will actually represent us.

I request that our community be grouped with nearby Dallas communities as we were in district 16.

[REDACTED]

9-25-21. Proposed District 12 – We would be isolated from communities of similar interests. Please change this!

9-25-21 This is a cutout I made of the new proposed senate district 12 – my community is labeled Me. Note how isolated we would be from neighborhoods nearby where our friends, relatives and co-workers live. Please change this. We want to vote with communities of similar interests, like others near us in Dallas County.
