Regarding: Senate

Message:

Representative democracy requires district maps that reflect our changing population. The proposed maps do not represent the diverse constituencies of Texas. In particular, I'm concerned about insuring that the maps reflect the significant increase in the Latino and Black population in Texas. For example, the proposed maps fracture communities in both Harris and Dallas counties so badly that it is difficult to decipher the precise districts and who is in them. Please remember that your duty is to the Constitution, and not to a party or person, and draw districts that strengthen our democracy.
