Fair and free elections are the right of EVERY American citizen! Thousands have died to safeguard tate right. Severe gerrymandering means thousands of voters are totally disenfranchised!!! by recent actions.While this may be technically legal, it is totally immoral!!!! As a soon to be "no Longer Republican" with many like minded friends, we are appalled Repulicans no longer have plans and an agenda that appeals to the average voter. Republicans no longer are the party of Lincoln and no longer have any morals personally or politically.Instead of tackling real prolems such as a failed electric grid, or expending medicare for our citizens (which means we are leaving millions of our taxes on the table for the feds. and other states) we pass far right bill designed to fire up this extreme base. By totally and overtly disenfranchising millions, Republicans will lose what ever claim to legitimately they may possess.
