Message:

So Borris Miles (district 13) has a \$92 million dollar bill approved for TSU and Shelia Jackson-Lee signed a bill also for TSU in the amount of \$10 million dollars!!! Why am I offended about this? A lot of those millions could have been used for poor constituents living in horrible housing conditions with old appliances, broken floors, sewer water on the grounds of these properties and hire officers to monitor these properties against drugs and violence for families unsafe in their own units!!! Money was approved after Hurricane Harvey back in 2017 but facilities with the funds claimed they ran out of funds so Many didn't get the help they needed. If these elected officials aren't going to speak up for the poor and needy (instead of these officials worrying about losing their districts and Much revenue) I will speak on their behalf!!! Yates high school, Worthing high school and many others have been given money to repair these schools but nothing offered to place metal detectors in these schools to keep our children and grandchildren SAFE from guns and knives entering these buildings, offer more security to protect our children (because a new building doesn't provide safety but just looks good in these neighborhoods) against bullying and VIOLENCE!! What about MORE funds preventing people from losing their homes or housing projects behind on mortgages and rent due to the pandemic??? Helping schools and TSU with millions is

supposed to help the poor and needy or help
a bunch of crooks Fill their own pockets???

During the discussions with the State
Committee hearings, Borris Miles, Shelia
Jackson-Lee and Al Green pleaded more
about keeping districts than emphasizing
more about DOING more for these
constituents in their districts!! Those
protected districts for minorities are protected
but it doesn't mean we, the Constituents,
have to Keep voting Borris Miles, shelia
Jackson-Lee or Al Green back in office who's
only reason for being in office is to Get
money approved for people in higher power
and continue to ignore the Real issues and
problems people of color living in poor
neighborhoods!!! Praying to God for a
change and I fully support SB 6, SB1 and
HB7!!!!
