The Region 10 Purchasing Consortium consists of three independent purchasing cooperatives. Your membership in the Region 10 Purchasing Consortium gives your school district access to products and services from all cooperatives. The three cooperatives making up the Purchasing Consortium are as follows:

The Cooperative Purchasing Network (TCPN)
Administered by ESC Region 4 (Houston)

The Buyboard
Administered by the Texas Association of School Boards

Texas Interlocal Purchasing System (TIPS)
Administered by ESC Region 8 (Mt. Pleasant)

The purpose of the Purchasing Consortium is to provide opportunities for greater efficiency and economy in acquiring goods and services. Purchase of products and services through the Consortium will be in compliance with the bid laws of the State of Texas. The one-time Interlocal Agreement executed between your school district and ESC Region 10 initiated your membership in the Consortium.
