We were without power for 4 days our house was 30 degrees. We has to set up a our camping tent and we stayed there most of the week. I have 2 kids and it was a nightmare. We didn't have food because everything spoiled. We ate all our perishables. This was a gross negligence and the people responsible need to be help accountable.

The picture attached is my neighbors house who is a Vietnam vet and does not have insurance. Lets see how long he will wait on fema. Meanwhile I'm feeding him since he doesn't have running water.
