Message:

I would hope that the legislature would take all info from the census and use it appropriately. When I looked at the current districts around Houston, I was surprised to see the manner in which they are drawn. So erratic, nonsensical, and just downright crazy. When I read more about them, I realized the meaning of gerrymandering! Dan Crenshaw's district is a perfect example of that! I hope this is corrected and done in good faith. I feel many of us get ignored when speaking to this issue!
