Message:

- 1). No, I do not want a commission formed to determine the parameters of the redistricting.
*
- 2). No, I do not want this process to be drawn out till the Legislature loses it's ability to redistrict and it is forced into the courts and before a judge that is not representing voter constituents
*
- 3).No, I do not want maps to be formed at each step of this process, this is unnecessary and causes more time lost in the process.
*
- 4).No, I do not want Ethnic or Racial Silos that are not balanced with all ethnic groups.
*
- 5).Yes, I want districts with shared interest. The needs of rural counties are quite different from urban counties and can be outvoted by populations in the cities. This leads to no representation of many rural voters.
*
- 6). Yes, i want to have legislators that can represent my rural needs-water use and supplies, farm land use, energy production and jobs, bringing in broadband to rural counties.
