Honorable Governor Abbott and Texas Legislators:

Re: Redistricting

Please remember your duty to promote a state in which the words “democratically-elected” will be spoken before the name of each our your colleagues. Our nation, and the state of Texas are on trial as extremist ideologies infect the body politic and poison our Democracy. As a citizen I urge you to consider this redistricting process as a sacred duty to correct the skewed and gerrymandered Texas districts to more equitably represent all Texans.

Sincerely,
Susanne Mason
