Message:

Dear Special Committee on Redistricting Members,

We reviewed the draft Congressional redistricting map you released and find that our family would now be included in a carved out district separate from the rest of Denton County. The new district would carve the city of Denton out and connect it with a district that goes all the way to Amarillo. This makes no sense. We have so many common issues with people in Denton County (huge population growth, urban area issues with transportation, water resources and other environmental issues, etc.) that do not match with people living in Amarillo or the narrow neck of land space that would connect us to them.

I do hope you will strongly consider keeping us connected to the people in our county where we share common issues and challenges.

Cathy and Walter Hartman
