Message:

I have lived in Texas for nearly 50yrs after moving for a job that has proven more than satisfactory. I have lived in North Dallas that whole time and have had an opportunity to speak out and vote in a community that has changed over time! Now that the pendulum has swung in a different direction and the community has become more moderate and liberal, the State legislature, Lt. Governor and Governor have plans to quiet me and my neighbors by taking away our constitutional right to elect those that best represent us in Congress and the government in general. Our community DOES NOT belong with a large "rural" area of North Texas that has different issues and problems than "urban" North Dallas. The ability to express our needs and seek out help will be greatly compromised and harmed by the plans we have heard about. Do NOT embarrass the State of Texas once again. DO NOT make fools of those who live here and contribute to the greatness of the region and State.
