Message:

I am a resident of Cedar Park, Texas and I need to be fairly represented in the Senate regarding my concerns. When legislature is proposed, the Senator who represents me needs to voice my concerns regarding any legislature that is proposed. My concerns are for all human beings and all natural habitats in Texas. That human beings who seek asylum in our state are given asylum and protection of natural habitats are always protected. I know this requires much work on the part of Senators and that's exactly what I expect from all my representatives and senators in the state of Texas.

Please be responsible to the people you represent and care for all human beings and natural habitats of Texas.
