Regarding: Senate

Message:

I urge the members of the Texas Senate to draw the new district lines so that ALL Texans are fairly represented for purposes of voting and other governmental functions. It is not merely unfair to draw districts only for the advantage of the Republican political party, it is unconstitutional to do so. The results will DISADVANTAGE Texas in many ways over the next ten years. Census workers risked a great deal to make the 2020 count complete and accurate (for some census workers, risk of life and limb). We should use the data they obtained to make Texas' government reflect its population.
