Please vote no to redistricting!

Texas voters turned out in record numbers to keep Republican leadership of the state in place. Please remember to keep rural areas from urban and suburban areas of the state. People move to rural Texas for a reason.

- Rural Texans are very happy with the relationships they have with their elected officials. Our Senators and State Representatives make time for constituent visits and spend time in our home towns. They are well aware of the unique issues of rural Texas that we do not share with urban areas, such as access to hospitals, property rights, rural broadband, agriculture and ranching issues and schools districts.
