Affirm public info: I agree

Regarding: Senate

Message:

Texas has the distinction of being one of the most gerrymandered states in the country. As a result, hard working Texas families have less economic security and poorer health outcomes than so many of our fellow Americans. The Texas Legislature has the power to address our challenges but, because of hyperpartisan gerrymandering, they do not have the will.

Throughout our recent tornadoes, COVID-19 pandemic and weather debacles, it has become increasingly clear that several of our elected officials do not represent the Texans they have been elected to serve. Please be the change that Texans deserve and desperately need, by ensuring that our district maps truly represent the will of the voters in the areas that our elected officials serve. Please do your best to ensure that Texas families have FAIR REPRESENTATION in our state and federal government.

Thank you!
