Regarding: Senate

Message:

I just want to say if I was working and I took off so that I did not have to do my job I would be fired and I would be charged for the money that I spent it take off with I don't know what you can do to alleviate this problem my suggestion would be to either suspend their pay until they return or hold a special election and replace them if they do not want to do their job they want to sit in Washington that is their problem not yours state problem I would like to thank you for listening so my opinion but I feel that everybody in your state has the same opinion does God bless and good luck
