Message:

SB 1 This bill makes it harder for seniors to obtain mail-in ballots by disallowing 3rd party organizations to send out applications. Also requiring seniors to submit ID info for verification which could be easily obtained from VR databases. Also eliminating drive thru promotes greater chances of Covid infection via personal contact. Eliminating 24 HR voting disenfranchised shift workers. Voter integrity checks are made at the poll. It's been working all these years and the negligible effect of voter fraud proves this!. This bill in its entirety is unnecessary and Texans with integrity know this!
