Message:

After seeing the proposed congressional map I am confused. I live in College Station yet you have our new district meandering all the way to Marble Falls. That's nearly 150 miles away. The city of Bryan, which is 1 mile away is in another district. Make that make sense. Because I have nothing in common with the people of Lakeway TX and a tons in common with the people of Bryan TX.

There is no rational explanation for this.

The maps should be drawn within the same areas. You don't cut up an area that neighbor each other and then add an area over 100 miles away when you don't have to. And you don't have to. Please stop playing politics with our lives. Neighbors should be together.
