Message:

It sounds like someone out there is doing their best to keep Texas from going purple or blue. Thank God for you! We are not California, and it would break my heart to see the great state of Texas fall under these communist policies.

In addition to making sure the districts represent the core conservative values of Texas, we must do everything we can to ensure that policies embody the free market values that permit our state to be economically sustainable. Our way of life is under grave threat, and we must not stand idly by.
