Message:

The 2020 Census data that shows 95 percent of Texas' population growth came from people of color and was centered in urban and suburban communities yet the proposed map actually increases the number of majority-white districts. Additionally, The votes from the cities and suburbs of and around El Paso, San Antonio, Austin, Houston and Dallas-Fort Worth are drastically diluted. Communities of color are incensed by this disregard for their voices. Please change the map to reflect our new demographic.
