Congressional District 27 - please see attached map and analysis

District 27 should be a Southern Gulf Coast District including Calhoun, Aransas, San Patricio, Nueces, Kleberg, Kennedy, Willacy, and the eastern portion of Cameron that includes the city of Brownsville. This would bring together South Texas coastal communities of interest and would give us a chance for real representation on important common issues like Windstorms, Tourism, Ports and maritime commerce, Coastal ecology, the Fishing Industry, and coastal Petrochemical industries. This map of 27 is demographically balanced, ties together important coastal communities of interest, represents the Hispanic population proportionally, and provides fair partisan balance.

Congressional District 27

District 27 should be a Southern Gulf Coast District anchored by Nueces county extending south and should include Calhoun, Aransas, San Patricio, Nueces, Kleberg, Kennedy, Willacy, and half of Cameron to include Brownsville. This is how District 27 used to be drawn. Reinstating this large-scale community of interest would give us the ability to advocate for important common issues like Windstorms, Tourism, Ports and maritime commerce, Coastal ecology, the Fishing Industry, and coastal Petrochemical industries. This grouping is demographically balanced, ties important coastal communities of interest, represents the Hispanic population proportionally, and provides fair partisan balance.
