Message:

I oppose the proposed redistricting measures. This in conjunction with the new restrictive voter suppression law that was passed amounts to a desperate attempt by a truly unwanted governor to secure a seat once more. Gerrymandering is marginalizing an already marginalized group even more. It is a slap to the face of every Texan citizen and will not be taken lightly. Republicans are doing all they can to make democratic areas have less of a voice and we will not continue to take it. Rural areas are fading and their support of the GOP needs to reflect that dwindling population. The GOP controlled map makers will attempt to dismantle the democratic voting process and manipulate it into something grotesque and we are all aware. 10's of thousands of citizens are members of formed groups working to form PAC to actively push back.
