Message:

I have looked at the proposed Congressional map. I am very distressed that my current district (CD 32) is being split in two, with the area directly around my address being split off and added to district 24, which stretches all the way into Tarrant County; the western communities are very different from my neighborhood and have little in common. The other half of current CD 32 is being stretched south and east to include Garland, again a very different community with little in common with the area where I live. This appears to be a clear effort at the infamous "cracking" that is done to split and disempower voters who disagree with the leaders in the legislature. In case you have forgotten, voters are supposed to choose their representatives, NOT the other way around. Please reconsider this split and keep my community together. Thank you.
