Regarding: Senate

Message:

Your draft of the redistricting maps reduce the number of districts where Black and Hispanic Texans make up the majority of voters even though Asian, Black and Hispanic Texans have outpaced white Texans over the last decade.

People of color accounted for 95% of the states growth over the last decade but these new maps show one less district with a majority of Hispanic eligible voters and zero districts with a majority of Black eligible voters. We want fair and equal maps and representation! And we will vote out the people who don't listen to and SERVE their constituents like they were elected to do.
