Affirm public info: I agree

Regarding: House

Message:

I request that the committee please take into account the Asian communities of interest in the Houston area. As a long time resident in the Houston Alief community with strong ties to the Asian epicenter on Bellaire Blvd, I wish for my legislative maps to reflect as such. My address currently borders District 149 and 137, two areas that I feel more aligned with than my actual district where I lie on the pinky end of 146. For the past 10 years, I have not felt like my state rep of District 146 could truly represent the interests of my local neighborhood if they are also looped in to areas as far as the Medical center and the border of Hobby area. The current map draft does not properly represent my immediate community and I urge the redistricting committee to not split up the culture-rich Asian based communities of Houston, TX.
