Phone: [REDACTED]

Affirm public info: I agree

Regarding: Senate

Message:

We the People , Americans, Texans, are given certain rights by law. One is the right to vote, and elect those who represent our interests and well being on the state and federal level.

We deserve a voice from representatives who are aware of our needs and concerns. A person that lives miles away from my community cannot know what needs and resources are essential to me and my neighbors, our schools, our infrastructure, and our senior citizens. This distant representation creates the type of cracks in our system that allow the disproportionate resources, health care, tax bases, ...in other words all the things a community needs to thrive and progress.

The proposed redistricting was decided by a few who only are concerned about their own community and agenda. Our state is large and diverse, We have a right to have our voices heard and our votes cast for people who live and are familiar with our needs.
