Message:

I live in a very diverse area in Arlington, for the last several years, Brian Birdwell has been my state Senator and Ron Wright was my Congressperson (now Jake Ellzey).

These Republicans have completely ignored the needs of my city and of the diverse communities within it. Senator Birdwell has never returned my call or spoken with me. These Republicans work for the white Republicans who live in the rural counties which have been gerrymandered with Arlington.

Thousands of minorities have lacked a voice in the Texas legislature already. Please do not make it worse.

These newly drawn maps will guarantee that Arlington continues to not have adequate representation. The maps are racist, unfair, and unconstitutional.
