Message:

January 26, 2022 Dear Joan Huffman Thank you, Senator Huffman, and committee members. My name is Arnetta Murray from Brazoria County, and I am here representing my elderly parents and their neighbors who reside in Houston. In Harris County some people who feel like they don't have a voice or it's all a waste of time. Are fearful of redistricting and most times don't know when there will be a meeting or Town Hall about redistricting. I mean due to these wonderful voting measures they now need an affidavit to ride with me or others. Quickly, when drawing any lines, I would love to see a panel of citizens void of legislators. This would mean gerrymandering wouldn't be an issue. This panel of citizens would be advised that transparency and accountability would be a top priority because we want fair boundary lines where political parties aren't the driving force but the People. Sincerely, Educator & Councilwoman Arnetta Murray from Brazoria County
