Message:

Redistricting should always reflect the will of the people not the will of the crooked politicians or special interests. Redistricting should always be viewed as an honest representation of the US citizens/ constituents making their voice known by what we know as our "Vote". It should also not be biased toward an ethnicity or group of people who vote a certain way, but be a balanced representation of multiple sectors. Thank you for being ethical in this task. God bless you!
