Affirm public info: I agree

Regarding: Congressional

Message:

I am a fifth-generation native Texan, and grandma to a seventh-generation native Texan. The proposed racial gerrymandered redistricting of this great state is an anti-democratic partisan move that would result in the disenfranchisement of millions of Texans. The proposed map illegally targets voters of color. It splits communities into slivered fragments that make no sense. It is profoundly and dangerously undemocratic.

Please focus on issues that would really help Texans – like preventing future flooding deaths, making housing more affordable, giving families access to health insurance and high-quality childcare, and fully supporting public schools. This partisan nonsense is an outrage.
