Message:

This bill is a blatant directive by President Trump (not a Texan) to acquire 5 more safe Republican seats in the U.S. house of Representatives because he is afraid of losing the 2026 midterms and control of the house, which has been rubber stamping all of his unconstitutional and probably criminal activities and presidential actions. I urge the Texas legislature to serve the needs of Texans, not the whims of a malignant narcissist who's only priority is his own consolidation of power. Stop insulting Texans' intelligence and start representing their interest.
