Message:

As your constituent, I am writing today to again tell you that I oppose this mid-century gerrymandering plan and you should too. Vote against this.

It is disgusting and beyond immoral that Greg Abbott and his Republican cronies are using flood relief as a political tool to try to push this illegal gerrymandering effort forward at the behest of the Donald Trump. This is nothing more than an attempt by the Republican party to consolidate power and insulate themselves from consequences in the midterms due to the incredibly unpopular Project 2025 agenda they have been enacting at the federal level.

Listen to your constituents for once - vote against this illegal, immoral, and unjust mid-century gerrymandering effort. Speak out against this publicly. You all know this is wrong, regardless of how much you are being paid or what you have been promised.
