Message:

The people want proper representation and gerrymandering is not what that will do. We need our voices heard and our representatives to stop rigging the state to their benefit. Stop dimming our voices and start listening to them. We need our representatives to set aside their greed and need to lick the boots of a the tiny manchild we have as a president. You represent US not him. You can relate more to US than a wealthy reality TV convicted felon and pedophile.
