Message:

I'm a constituent in Katy, Texas- and a (nearly) lifelong Texan. People like me who feel more aligned with Democratic positions on various issues of concern already feel (and are) underrepresented in our state. Texans have not asked for re-districting. We want and need our elected leaders to prioritize matters that will benefit and serve ALL Texans- not just appease a President. Please drop the push to re-district and tell Donald Trump "no."
