Affirm public info: I agree

Regarding: Congressional

Message:

Dear Senator,

I am writing to you today as a deeply outraged citizen of Texas. I am absolutely furious about the brazen and undemocratic plan to redraw congressional districts in the middle of the decade, without the justification of new census data.

This is not about fair representation; it is a blatant power grab. We are aware that Texas voters are nearly evenly split between Republican and Democratic preferences, yet under the current maps, Democratic voters are already severely underrepresented. Your proposed redistricting scheme, driven by President Trump's political agenda, aims to further dismantle democratic representation by creating five new Republican-leaning districts and eliminating current Democratic seats. This is an egregious attempt to silence millions of Texans who vote Democratic.

The idea that this mid-decade redistricting is anything other than a shameless gerrymander is an insult to the intelligence of every

Texas voter. It undermines the fundamental principle of "one person, one vote" and ensures that the voices of a significant portion of our state's population are effectively nullified. This action demonstrates a profound disrespect for the democratic process and the will of the people you are supposed to represent.

Furthermore, the public hearings being held on this matter are a farce. Expecting ordinary citizens to take time off work, travel, and wait for hours in extreme heat to offer input that will clearly be ignored is an insult. It's a cynical attempt to claim public input while proceeding with a predetermined outcome.

I demand that you oppose this politically motivated redistricting plan. It is an affront to fairness, equity, and the very foundation of our representative government. Your responsibility is to all Texans, not just one political party or one national figure.

This is not a polite request; it is a furious demand for fair representation. Do not ignore the will of the people. Stop this attack on our democracy.

Sincerely,  
Beth Watson  
Plano, Texas
