Message:

I'm a native Texas who is embarrassed and ashamed of my state because of what Republicans are trying to do with this mid decade "redistricting".

Gerrymandering our diverse cities further and further every chance you get to water down the votes of liberal Texans. Republican policies are unpopular and they can't win elections without rigging the system to benefit themselves and their donors. Preying on the ignorance of rural Texans with shitty educations because you actually hate Texans. It's disgusting. Unfortunately Republicans are all MAGA now or complicit, with zero conscience or shame. It's difficult to understand how we've gotten to this point but you can be certain that it's the wrong direction under Republican governance. Texas has become so much worse, because Republican MAGA ideology is a cancer to America. Poisoning and killing everything they

touch. I hope some of ya'll
grow some balls and do what
is right by your
constituents, for Texas, and
this country by rejecting
this redistricting power
grab.
