Message:

I am a wildly concerned Texan who is opposed to this new iteration of redistricting, which seems much like a very transparent attempt at diluting the representation of its citizens within major cities. Redistricting in such a manner is nothing more than gerrymandering to remove the power of less conservative communities. This overstepping of democracy erodes public trust in our government and strip power away from the very people elected officials are supposed to serve.

I demand members of the Texas Legislature and relevant committees to deny any maps or proposals that disenfranchise voters, quash community voices, or circumvent the decisions made by constituents at the ballot. Our representatives have a duty to serve with integrity... not to rig the system in their favor.

I urge this body to prioritize transparency, fairness, and accountability throughout this process and to commit to maps that reflect the true makeup and will of the people of Texas. Anything less is not only an injustice, it's unconstitutional..
