Message:

I would like to state that I am against the redistricting of the congressional districts this legislative session. It is unfair to everyone in Texas and it is not where our priorities should be established. Greg Abbott has already gerrymandered us in a way where I believe made it harder to represent the citizens of Texas so that it could be easier for him to remain in office.

We should divert our focus to funding public libraries, PUBLIC education, and protecting our communities from natural disasters by funding local broadcasting and food assistance programs.
