Message:

As a resident of Comal County, I strongly oppose the proposed special session to redraw district boundaries. Redistricting outside of the regular cycle undermines the integrity of our democratic process and raises serious concerns about partisan motivations rather than the fair representation of voters. Our current districts were established through a transparent and legally mandated process, and altering them now risks silencing communities and disrupting the balance of representation for political gain. Taxpayer resources should be focused on pressing local issues—not unnecessary and potentially unconstitutional redistricting efforts. I urge our leaders to respect the voice of the people and maintain the current district lines.
