Message:

I am writing at this time to comment upon the recently released redistricting plan. I am vehemently opposed to this plan. It violates common decency and the autonomy of the great state of Texas. Why on Earth is the legislature of Texas cowing to an administration in Washington that is hell bent on ruining our agricultural and tourism industries? In addition to disenfranchising our fellow citizens by further gerrymandering our districts, why are we spending our tax-payer dollars on this? This is not a cost-neutral activity.

Act like you represent the Texans who built their capitol building to be larger than the building in Washington to make a point. Stand up for the independence of our state and do the right thing: direct your energies and our funding to help the communities and families impacted by the disastrous flooding that occurred here in July.

Thank you.
