Message:

In my opinion, redistricting only affects the poor and the elderly. Making it harder for them to get to the polls and cast their vote, Which is a privilege. You are already making things hard for woman to prove their citizenship with a birth certificate that matches their name. In spite of the fact that many are married and possibly married more then once. It's never been mandatory for a woman to produce a legal paper of said divorce, etc., let alone keep them for proof. I can not believe that this state has stuped so low that woman are stepping back in time. Redistricting along with providing papers for legal name change is cruel and unfair!! Please, for the love of God, do not allow this to get passed.

Thank you!
