Message:

My name is Doris DeRamus, a resident of the city of El Paso, in the great state of Texas.

I strongly oppose the Texas Legislature's mid decade session. This is a clear attempt to disenfranchise voters and distort our Democratic process for political gain.

I moved to El Paso in 1966 with my parents. I went to elementary school through high school, even Jr College in EL PASO, Texas. While attending Andress High School, learned of the awesome Barbara Jordan and all the great things she did for the people of Texas, for all people all people! She was my example, a person who look like me, someone who was concerned about me.

Ok The thought of this history and how it is trying to be erased and dismantled breaks my heart. This does not seem to be the right thing to do, just because our President of the United States wants more representation for his Political Party. Now our governor of the state of Texas wanting to please our President, wants to redistrict our state.

Members of this committee, please do not allow this "strong-arm" bullying to happen. What about my history? What about our legacy? What about my children who live here in this state? Don't you even care about us? Don't we count too? Don't forget about El Paso, TX, our voices need to be heard too.
