Message:

I am a born and bred Texan and will always be proud of my state. However, it's time for our state leaders to FINALLY stand up for ordinary Texans and do what's right. Redistricting is not what Texans want and/or need. What Texans need-better access to education, more support for our teachers, more access to better healthcare for the low income families, and leaders that will actually listen to their constituents, and not outside influences. Help make our state great again by NOT redistricting! Thanks for taking the time to read and to listen.
