Message:

I'm a resident of Keith Self's district, our congressional district is already gerrymandered. I live in urban plano and my vote does not mean anything because my district includes rural areas including greenville! You should be focused on your constituents with the following:

Prioritize flood recovery efforts and the safety of Texans.

Oppose any mid-decade redistricting—especially while the current maps are still being challenged in court.

Prevent communities of color from being deliberately divided, thereby weakening their political voice. (Texas has a long history of racial gerrymandering and discriminatory voting practices.)

Texans deserve to have a redistricting process that is fair, transparent, and results in fair representation for all, not this rushed and deeply flawed process.

The constitution should be protecting one vote one person, not this ridiculous political process.
