Message:

Citizens of Texas do not want a new map for districts and do not support the rewriting of the districts. This leads to communities losing their votes and voice. Gerrymandering has a history of leading to the lack of voices heard because they are mashed together with a larger district where you want their voice to not matter. We know the AGENDA that the current government wants to make Texas, but there is no support for that fascist goal or for the rewriting of the districts in Texas!
