It's simple:

The redistricting at play here is wrong and all parties know it. Will Texas devolve and play by someone else's playbook or will Texas honor the Texans it serves (or it supposed to) everyday?

I live in a place that is an afterthought already. I live in the district that is playing a large role in these redistricting talks. To take what little is here and sell it off is unfair and absurd. It does not reflect a Texas for everyone.

Do not redistrict.
