Affirm public info: I agree

Regarding: Congressional

Message:

I firmly oppose any redistricting efforts in Texas that aim to silence or diminish the voices of Democratic and Republican voters alike who may also question the intent of this “Special Committee”.

Gerrymandering, in any form, undermines the democratic process. It manipulates district boundaries to favor one party over another, often diluting the power of communities—particularly communities of color, young voters, and working-class Texans—who deserve equal representation. Every vote should carry the same weight, and every citizen should have an equal opportunity to elect leaders who reflect their values and needs.

With the recent tragedies of the July floods, and all of the atrocities happening nationwide since the beginning of this presidential term, our elected officials’ political agenda should not prioritize the needs of their respective party but be solely focused on the needs of Texas residents.

Texas is a diverse and rapidly growing state, and our political representation should reflect that. Any attempt to redraw district lines in a way that disproportionately silences the voices of people who do not agree with the legislative action of the Texas Senate in the current political climate is not just unjust. It is un-American.

We must demand a fair redistricting process that is inclusive, transparent, and accountable to the people. Representation should not be a privilege reserved for the powerful—it is a right guaranteed to

all Texans, regardless of political affiliation. Please do as you were trusted to do and prioritize the hard working people and families that you were elected to serve!
